Stefano Velotti is Full Professor of Aesthetics at the Department of Philosophy of Sapienza University of Rome. He has taught at Stanford, Yale, and UCLA. He has worked in publishing, for Radio Tre, and for RAI educational programs. He contributes to the cultural pages of national newspapers and periodicals. His research lies at the intersection of aesthetics and social philosophy, fields to which he has dedicated numerous articles and books. His most recent publications include: *The Conundrum of Control: Making Sense through Artistic Practices* (Brill 2024; Italian trans. Laterza 2024), *La filosofia e le arti: Sentire, pensare, immaginare* (Laterza 2022), and *La dialettica del controllo. Limiti della sorveglianza e pratiche artistiche* (Castelvecchi 2017).
