20/11/2023 15:59	It must be consistent with current Iraqi laws and not according to the European system.
20/11/2023 13:02	Correct selection of team members and students and not changing them until the end of the program while following up on their attendance at all workshops and seminars held until we obtain satisfactory results.
20/11/2023 15:40	Continuing
	1.Clearly Define Metrics and Goals: Ensure that the project's objectives are well-defined, measurable, and aligned with the ultimate goal of improving employability and entrepreneurship for students. Establish key performance indicators (KPIs) to track progress. 2.Stakeholder Engagement: Engage with key stakeholders, including universities, students, the public sector, and enterprises, to understand their needs, gather input, and ensure that the project addresses their concerns and priorities effectively. 3. Monitoring and Evaluation: Establish a robust monitoring and evaluation system to track the project's progress and impact. Regularly assess whether the six specific practical objectives are being met and make adjustments as necessary.
04/11/2023	Clearer Objectives: Ensuring the objectives are S.M.A.R.T (Specific, Measurable, Achievable, Relevant, and Time-bound). Risk Management: Identifying potential risks early on and planning how to mitigate them. Resource Allocation: Making sure that resources (both human and material) are available as needed and are used efficiently. Stakeholder Engagement: Improving how stakeholders are engaged with the project to ensure their needs and expectations are met. Communication: Enhancing communication strategies both within the team and with external parties to keep everyone informed and aligned.

20/11/2023 15:40	The background and quality of the student
20/11/2023 15:59	It did not implement the ideas and projects according to the local invironment of Iraq, and due to the project 's contradiction in adopting private sector companies to support public projects.
30/10/2023	challenges that may have affected the internship objectives include: Limited Resources: Insufficient funding or resources can hinder the effectiveness of internships. This may lead to a lack of stipends for interns, inadequate training materials, or limited support for the program's administration. Matching Interns with Suitable Opportunities: Finding appropriate internship opportunities that align with the students' academic interests and career goals can be challenging. Ensuring a good fit between interns and host organizations is essential for a valuable experience. Quality of Supervision: The quality of supervision and mentorship within the host organizations can vary. Inadequate guidance and mentorship can limit the learning experience for interns.
04/11/2023 14:50	Dependency on Previous Work Packages: If WP3's start depends on the completion of WP1 or WP2, any delays or issues in the earlier phases can directly impact the ability to begin or progress in WP3. Resource Allocation: Insufficient or inappropriate allocation of resources, including human resources, budget, or materials, could impede WP3's objectives. Scope Creep: Expanding or changing objectives without adjusting schedules, budgets, and resources can overwhelm the team and derail the original goals. Inadequate Planning: If WP3 was not well planned, with a lack of clear objectives, timelines, and roles, this can lead to confusion and inefficiency. Technical Challenges: WP3 might face unforeseen technical difficulties that weren't accounted for in the planning phase, which can cause significant delays.
