7. Other comments? (*Antal obesvarade = 7*)

- Actually our Chin Lone Project are approaching to end up in mid of September in 2020 soon😊, as a member of it and on behalf of YUEco , we would like to proceed future further research and development activities for teaching, learning and university development and autonomy through getting continuously so much cooperations and guidance from European Universities like that in future! Congratulations to all EU partners and leaders from Chin Lone project!
- Thank you all for supporting our university and cooperating with us.
- Thank you all for cooperating with us.
- In my opinion, more training sessions on curriculum development, and teaching and research and assessment methodologies would be very helpful for further improvement of our university.
- We would like to study about the IR deeply and widely. That is why we would like to be trained at your IRO office in your universities because we need practices from foreign universities.
- In cascade training, one EU parter should involve together with us.
- Non
- I do hope the IRO week in the Uppsala University will be a fruitful training for the establishment and improvement of MMar Universities IRO as we understand how the role of IRO is important. However, I think relevant and consistent trainees should be selected by the university for the trainings to achieve more success of the whole programme of CHINLONE project.
- We can used very useful equipment at the ICO.
