June 4-5, 2026

University of Bologna - Forlì Campus

Teaching Hub - Viale F. Corridoni 20 - Room 11

EUMCHA - The EU and the Migration Challenge

The conference aims to shed light on the complex nature of migratory movements and to contribute to the explanation of past and future challenges through a multidisciplinary approach that enriches the academic debate. The presentations will stimulate constructive reflection on the migration challenges the EU has addressed in the past and currently faces, as well as on the positive role the EU can play as a collective actor.
