About the Conference

Welcome to the final conference of the longitudinal project **IDENTITIES “Managing Identities in Diverse Societies: A Developmental Intergroup Perspective with Adolescents”**, funded by the **European Research Council (ERC-Consolidator)**.

The **IDENTITIES project** aimed to shed light on how the interactions that **adolescents** with and without a migrant background have in different spheres of life and socialization contexts affect their identities and their physical, psychological, and social well-being.

This conference serves as a forum for:

- sharing the **methodological approaches** used within the project (Day 1)
- presenting the **results** achieved and related international research (Day 2)
- reflecting on how to develop evidence-based **interventions** (morning of Day 3)
- fostering exchange with **stakeholders** (afternoon of Day 3).

Language: All sessions will be held in *English*, except the meeting with stakeholders (in the afternoon of Day 3), which will be held in *Italian*.
