LIFE Platform meeting
3-4 December 2025, Bologna

Anne Cazin

5 STEPS TO SUPPORT VOLUNTARY AGRI-FOOD STAKEHOLDERS

Step 1

Understand and learn about issues related to agroecology

Step 2

Assess and analyse the impacts/dependencies/opportunities related to your activity in relation to agroecology

Step 3

Define your vision and path for agroecological transition

Step 4

Implement an action plan across the entire sector.

Step

Get involved and lead the way in changing the ecosystem of stakeholders

LIFE Platform meeting
3-4 December 2025, Bologna

Anne Cazin

MAINTAINING AREAS AND ECOLOGICAL QUALITY OF PERMANENT GRASSLANDS

Consolidate knowledge and tools for grassland management

Facilitate access and dissemination to farmers through communication and training

Economically and environmentally sustainable models

Inform consumers about the benefits of biodiversity on the products

Promote the benefits for the environment in the broadest sense
