2023

Painting of the glossator Irnerio by Enrico Serra, cover of the book «Bononia Docet» for the 8th centenary of the University of Bologna (1888).

Bologna

Bologna is a middle-age city... in Emilia Romagna

COMUNE DI BOLOGNA

Free government

Bologna municipality history is intertwined with the history of the **Bologna University**

Bologna

Bologna as an ecosystem

Bologna

Our ecosystem as a set of interconnections among many different parts to obtain a synergic effect as a whole (non a sum but more than multiplication)

Bologna as a city of culture

Bologna is a free cultural city... Dante was here to study

Bologna has also a tradition of porticoes or arches
They were built attached to houses also to protect social meetings

Bologna as an history city

Bologna used to be a city... of many towers

Bologna has also a tradition of **red bricks and roofs** (the red city) and also of hosting students and tourist, lured by many other peculiarities

Bologna as a tower city

Bologna used to be a city... of many towers

Bologna as a religious city (!)

Bologna a religious city, close to the Pope dominion

Bologna has a sanctuary uphill, **San Luca**, and also a main church, **San Petronio** (intended to be larger than San Pietro - so the project stopped)

Bologna as a very 'urban' city

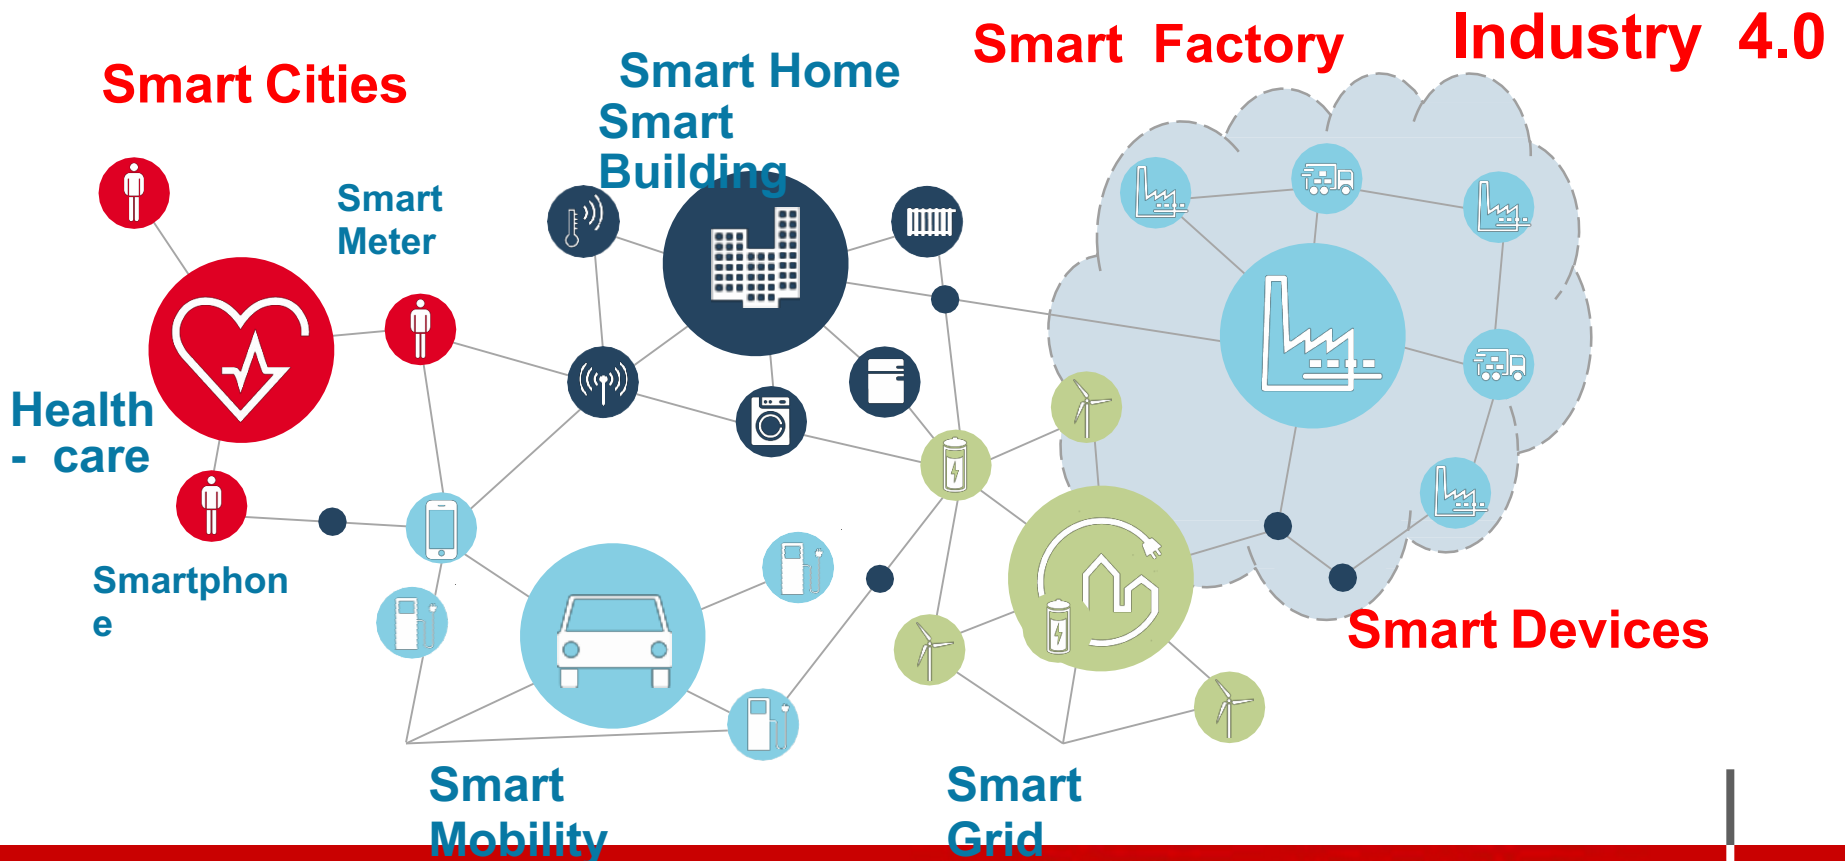

Bologna is a social and live city ... the porticoes enable it
