

Università
degli Studi
di Ferrara

Department of Physics
and Earth Science

Prof. DONATO VINCENZI

Ph.D. Physics, University of Ferrara (2002)
Researcher, Department of Physics-UNIFE (2011)
President of Consorzio Futuro in Ricerca (2022)

Academic research

Photovoltaic materials and solar cells
Photonics
Solar concentrators
Growth of semiconductors

Industrial research

Optical design and characterization
Photovoltaic concentrators
Si-based sensors (CMOS and CCD)

Luminescent downshifting layers in photovoltaics

Fun fact

Donato is the President of *Aeroclub Volovelistico Ferrarese* and a great *glider pilot*: a very sustainable way of flying!
