00:35

 I cannot judge about questions 6 and 7, therefore I choose the middle number (3)

31/05/2019

15:06

 Cannot seriously answer questions 6, 9.

20/06/2019

12:09

 all things went good and the lab and library set at the college and the next target to use these kit to integrate these by using the trained staff to train the students and that will help them to increase their opportunity in getting job.

3- If you have any other observation or feedback please share it with us

 No information on answers 10.12 (therefore neutral - 3)

20/06/2019

12:09

 meeting was fine and we getting their results soon

20/05/2019

22:58

 I cannot judge on question 11 (therefore I gave 3)

31/05/2019

15:06

If you have any other observation or feedback please share it with us

 N/A

20/05/2019

22:58

 I cannot judge on these questions, since I have no feedback from the Iraqi partners

31/05/2019

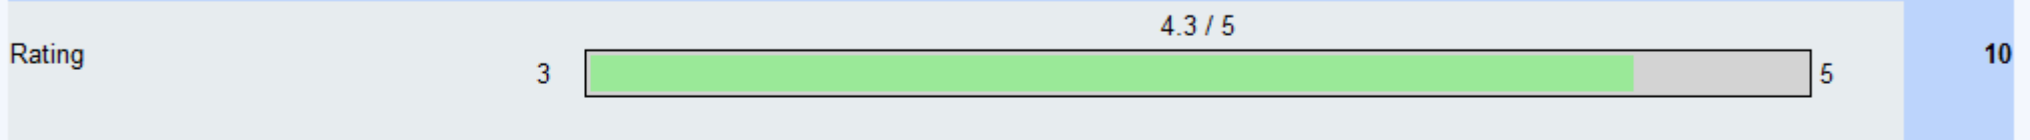

15:06

 15: The procurement referred to in 15) was certainly extremely positive.

You are satisfied with the joint creation/development of new bilingual teaching units and learning materials, and their validation and integration into existing BA courses.

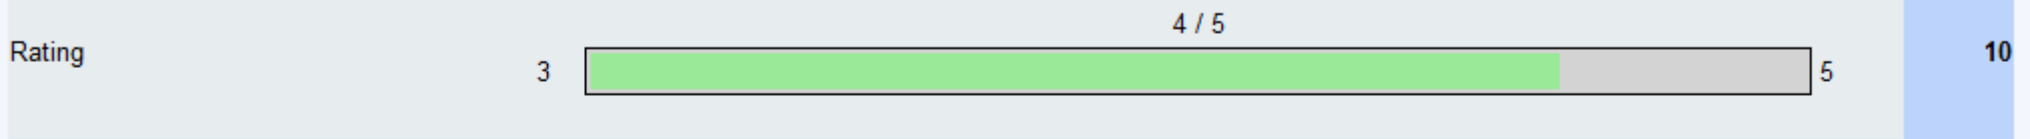

The process of development of the new teaching units was based on a bottom-up and participative approach.

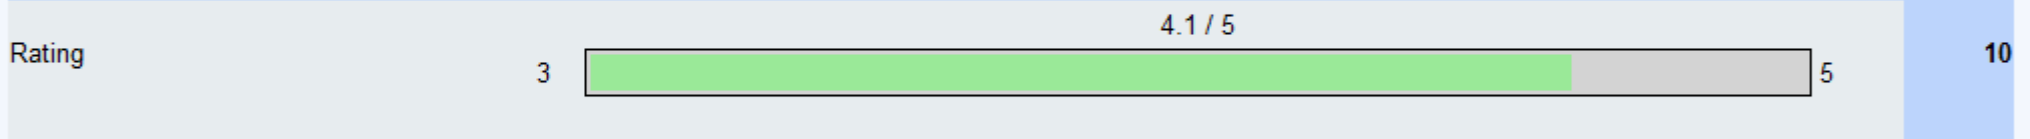

The quality of the new learning and teaching materials elaborated in the frame of WP3 is good

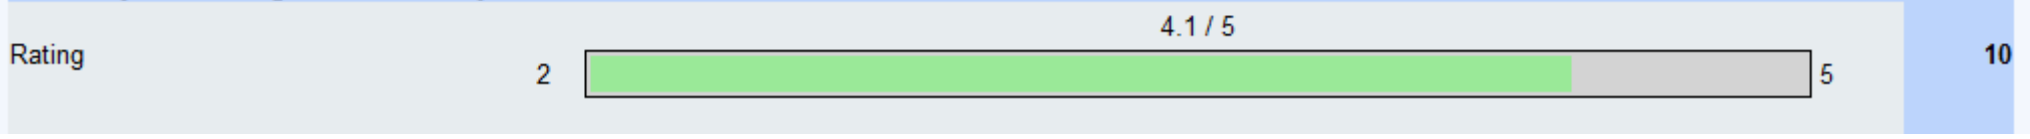

A good number of Iraqi students enrolled and attended the new teaching units integrated into existing BA courses.

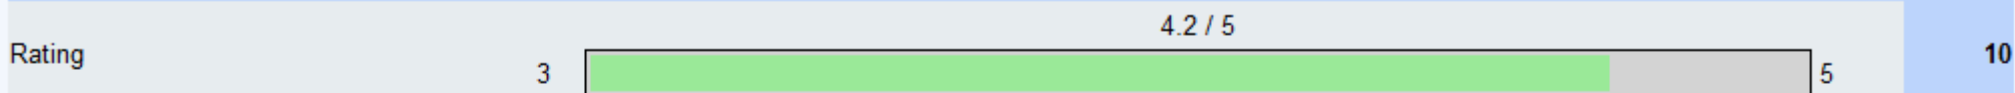

The new teaching units integrated into existing BA courses are improving the theoretical knowledge and practical skills of the Iraqi students of Archaeology.

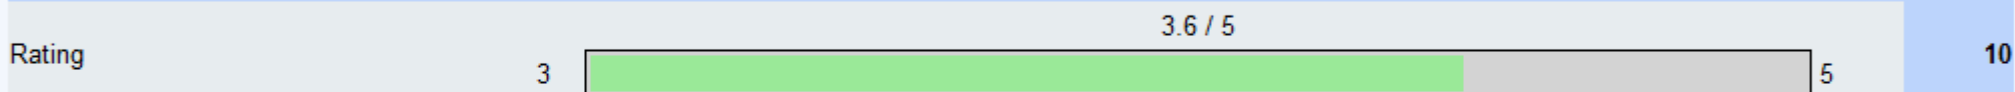

The results of the process of development of the new teaching units and their integration into existing BA courses were appropriately disseminated in your University and among the civil society.

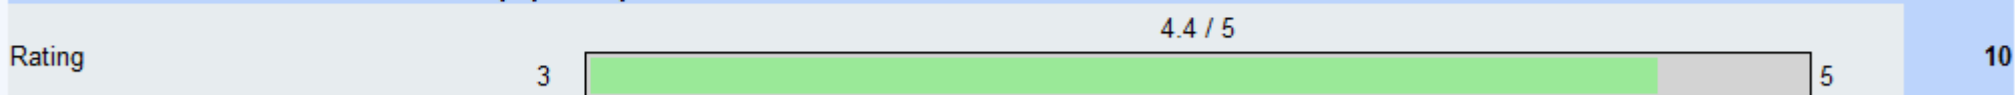

The meetings with the local and national Iraqi stakeholders for the internships activation were positive and fruitful.

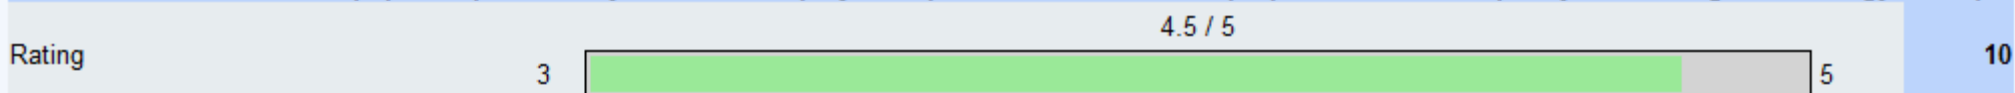

The design and activation of the internship programs will improve the job opportunities of the Iraqi BA students.

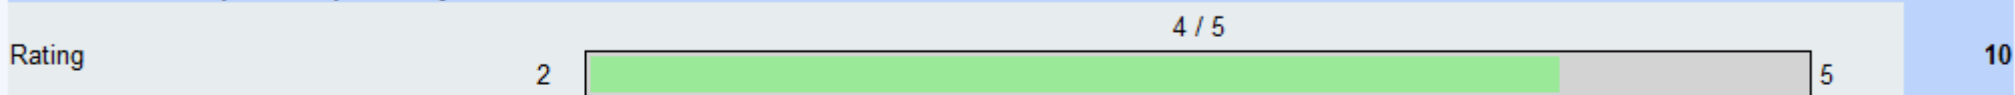

You are satisfied with the books and equipment provided for WALab and WALib.

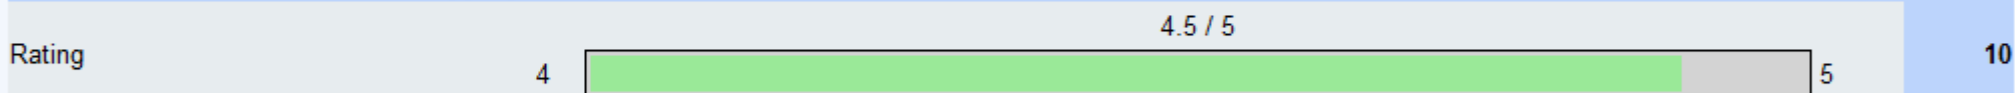

The books and technical equipment provided by the WALADU project improved the BA students preparation and the quality of teaching Archaeology in Iraq.

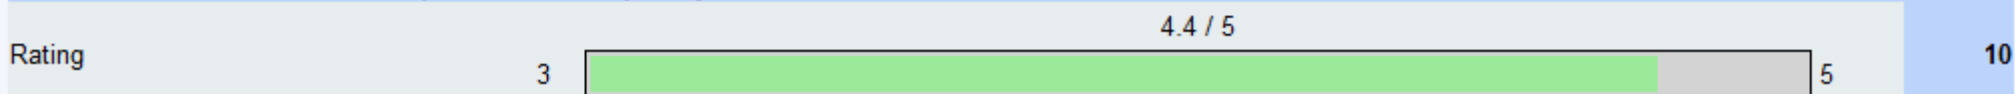

All the WALADU partners positively collaborated for the creation of WALab and WALib.

The Summer School call for was appropriately disseminated.

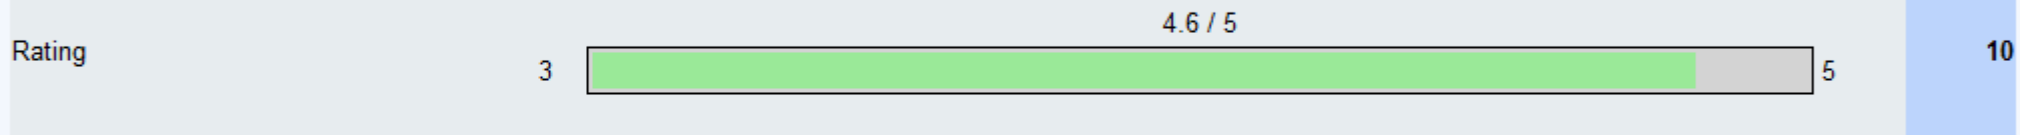

The selection criteria were transparent and adequately advertised.

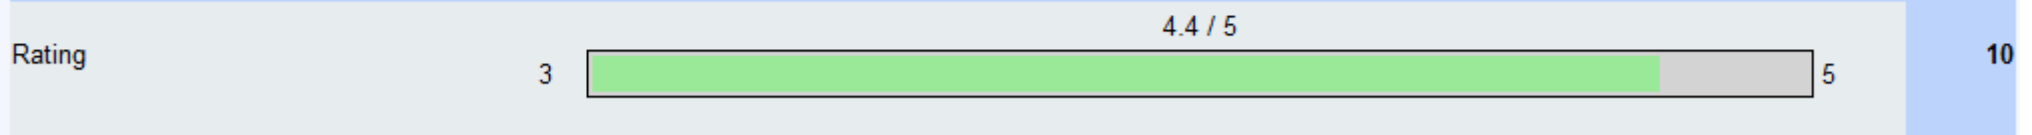

The selection procedure had been transparent.

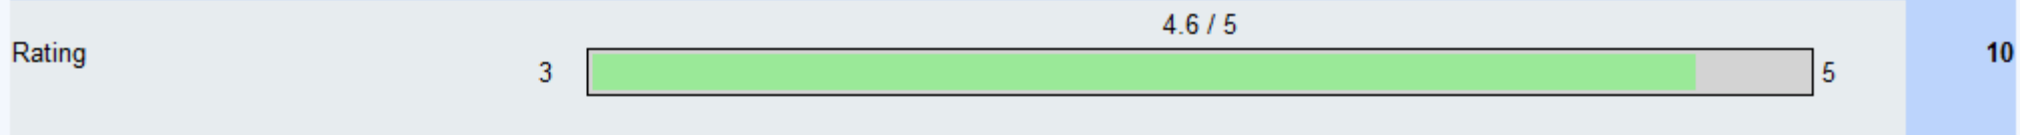

The logistic arrangements of the Summer School were easily planned and implemented.

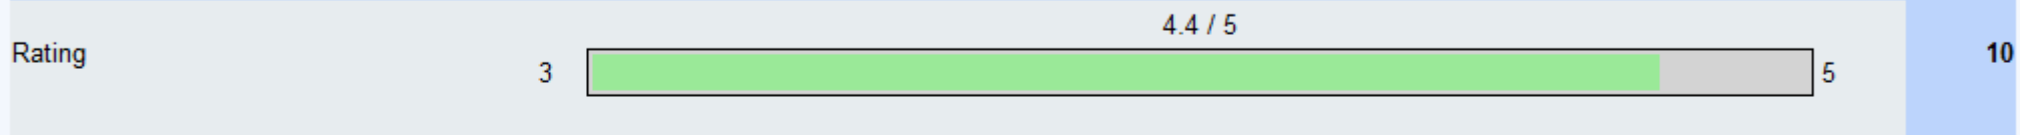

You are satisfied with students' involvement and feedback

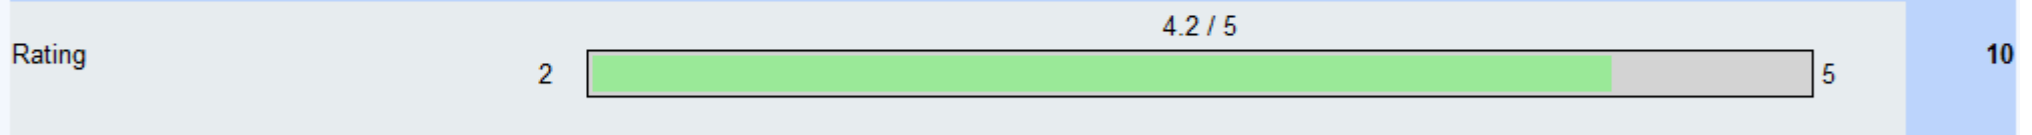

You are satisfied with the organization of the Summer School teaching session.

The quality of the outputs developed during the Summer School was good.

The impact of the Summer School in terms of testing the effectiveness of new teaching units and teaching materials was good.

The results of the Summer School were appropriately disseminated.
